Dear Brad:

On behalf of myself and the 1,000 people in the Mahoning Valley who live with multiple sclerosis everyday, thank you so much for your very generous in-kind donation of ten two-way radios for the 2003 MS WALK Presented by Giant Eagle and Medical Mutual of Ohio. The second annual MS WALK was more successful than we could have ever imagined in large part to the in-kind support of the corporate community, such as Independence Communications.

At this point, the event has raised over \$40,000 in the fight against MS. That is \$10,000 over our projected number and a 300% increase of what we raised in 2002. The staff of the National Multiple Sclerosis Society is very proud of that increase and we hope, as an in-kind sponsor of the MS WALK, you take pride in that increase as well. The money raised from the MS WALK will be used to support local "quality-of-life" programs for the 1,000 people in the Mahoning Valley who live with MS and MS related medical research for institutions right here in Ohio.

We are extremely grateful for your in-kind support. We hope we can count on Independence Communications for future National Multiple Sclerosis Society events.

Sincerely,

Christopher J. Knupp
Development Coordinator

Brad:

Thanks again for all of your help with the radios. They were a big help to us. If I can help you with anything, please give me a call. Best of luck with everything.

Thanks again,
Chris
